Journal of ETHNO-PHARMACOLOGY

Subject index

Volume 56 (1997)

Acetaminophen; *Scutellaria ricularis*; Hepatoprotective; Carbon tetrachloride; D-Galactosamine **56**, 193

β-Adrenoceptor; *Boussingaultia gracilis*; Gastric fundus **56**, 89

Agonist; *Andrographis paniculata*; Andrographolide; Antagonist; Receptor blockade **56**, 97

Ampelopsis brevipedunculata; Antioxidant; Collagen synthesis; Fibroblasts; Hydroxyl radical; Ito cells; Superoxide **56**, 67

Ampelopsis brevipedunculata; Folk medicine; M cells; Collagen synthesis **56**, 31

Andrographis paniculata; Agonist; Andrographolide; Antagonist; Receptor blockade **56**, 97

Andrographolide; Agonist; *Andrographis paniculata*; Antagonist; Receptor blockade **56**, 97

Antagonist; Agonist; *Andrographis paniculata*; Andrographolide; Receptor blockade **56**, 97

Antibacterial activity; Plant extract; Screening; South Africa; Traditional medicine **56**, 81

Anti-inflammatory; *Salacia oblonga*; *Azima tetracantha*; Carrageenan-induced oedema; Cotton pellet granuloma **56**, 145

Antimicrobial activity; Euphorbiaceae; *Croton urucurana*; Chemical **56**, 223

Antimicrobial activity; Falkland Islands; Wounds; Antioxidant activity; Red blood cells membrane stabilizing activity **56**, 117

Antimicrobial activity; *Tagetes minuta*; Asteraceae; Flavonoids **56**, 227

Antioxidant activity; Chinese herbal medicine; Atopic eczema; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Antioxidant activity; Falkland Islands; Wounds; Antimicrobial activity; Red blood cells membrane stabilizing activity **56**, 117

Antioxidant; *Ampelopsis brevipedunculata*; Collagen synthesis; Fibroblasts; Hydroxyl radical; Ito cells; Superoxide **56**, 67

Antiplasmodial; Plant extracts; Phytochemistry; *Plasmodium falciparum*; *Phyllanthus reticulatus*; *Suregada zanzibariensis*; *Terminalia spinosa*; *Dissotis brazzae* **56**, 133

Antitussive; *Drymaria cordata*; Sulfur dioxide; Cough; Methanol extract **56**, 77

Antiviral; 3,5,7-trihydroxyflavone; Galangin; *Helichrysum aureonitens*; Medicinal **56**, 165

Aqueous suspensions; Plant molluscicides; Toxicity; Cultivation **56**, 15

Arachidonic acid (AA); Shinpi-To; 5-Lipoxygenase (5-LO); Leukotriene C_4; Leukotriene B_4; Phospholipase A_2; LTC_4 synthase; LTA_4 hydrolase; Rat basophilic leukemia (RBL)-2H3 cells **56**, 123

Asteraceae; *Tagetes minuta*; Flavonoids; Antimicrobial activity **56**, 227

Atopic eczema; Chinese herbal medicine; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Aymara Indians; Coca chewing; Cocaine; Benzoylecgonine; Plasma concentrations; HPLC **56**, 173

Ayurvedic herbal drug; Pippali rasayana; Giardiasis therapy; *Piper longum*; *Butea monosperma* **56**, 233

Azima tetracantha; *Salacia oblonga*; Anti-inflammatory; Carrageenan-induced oedema; Cotton pellet granuloma **56**, 145

Benzoylecgonine; Coca chewing; Cocaine; Plasma concentrations; HPLC; Aymara Indians **56**, 173

***Boerhaavia diffusa* L.**; Seasonal variation; Root size; Dose forms; Ethnomedicine; Hepatoprotective **56**, 61

Bolivia; *Erythroxylum coca* var. *coca*; Cocaine; Cinnamoylcocaine; Chapare; Yungas **56**, 179

Boussingaultia gracilis; Gastric fundus; β-Adrenoceptor **56**, 89

Butea monosperma; Pippali rasayana; Ayurvedic herbal drug; Giardiasis therapy; *Piper longum* **56**, 233

Carbon tetrachloride; *Scutellaria rivularis*; Hepatoprotective; D-Galactosamine; Acetaminophen **56**, 193

Carrageenan-induced oedema; *Salacia oblonga*; *Azima tetracantha*; Anti-inflammatory; Cotton pellet granuloma **56**, 145

CCl_4; Rhinax; Rats; Hepatoprotection **56**, 159

Chapare; *Erythroxylum coca* var. *coca*; Cocaine; Cinnamoylcocaine; Bolivia; Yungas **56**, 179

Chemical; Euphorbiaceae; *Croton urucurana*; Antimicrobial activity **56**, 223

Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Cinnamoylcocaine; *Erythroxylum coca* var. *coca*; Cocaine; Bolivia; Chapare; Yungas **56**, 179

Clematis armandii; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Coca chewing; Cocaine; Benzoylecgonine; Plasma concentrations; HPLC; Aymara Indians **56**, 173

Cocaine; Coca chewing; Benzoylecgonine; Plasma concentrations; HPLC; Aymara Indians **56**, 173

Cocaine; *Erythroxylum coca* var. *coca*; Cinnamoylcocaine; Bolivia; Chapare; Yungas **56**, 179

Collagen synthesis; *Ampelopsis brevipedunculata*; Antioxidant; Fibroblasts; Hydroxyl radical; Ito cells; Superoxide **56**, 67

Collagen synthesis; *Ampelopsis brevipedunculata*; Folk medicine; M cells **56**, 31

Cotton pellet granuloma; *Salacia oblonga*; *Azima tetracantha*; Anti-inflammatory; Carrageenan-induced oedema **56**, 145

Cough; *Drymaria cordata*; Antitussive; Sulfur dioxide; Methanol extract **56**, 77

Croton urucurana; Euphorbiaceae; Antimicrobial activity; Chemical **56**, 223

Cultivation; Plant molluscicides; Aqueous suspensions; Toxicity **56**, 15

D-Galactosamine; *Scutellaria rivularis*; Hepatoprotective; Carbon tetrachloride; Acetaminophen **56**, 193

Diabetes; Treatment of diabetes; Streptozotocin **56**, 209

Dictamnus dasycarpus; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Dissotis brazzae; Plant extracts; Antiplasmodial; Phytochemistry; *Plasmodium falciparum*; *Phyllanthus reticulatus*; *Suregada zanzibariensis*; *Terminalia spinosa* **56**, 133

Dose forms; *Boerhaavia diffusa* L.; Seasonal variation; Root size; Ethnomedicine; Hepatoprotective **56**, 61

DPPH assay; Chinese herbal medicine; Atopic eczema; Antioxidant activity; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus*

dasycarpus; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Drymaria cordata; Antitussive; Sulfur dioxide; Cough; Methanol extract **56**, 77

Erythrocytes; Traditional Chinese medicine; NaO Li Su; Memory; old age; Serum creatinine **56**, 109

Erythroxylum coca* var. *coca; Cocaine; Cinnamoylcocaine; Bolivia; Chapare; Yungas **56**, 179

Essential oils; *Santolina insularis*; *Santolina corsica*; Sardinia **56**, 201

Ethnomedicine; *Boerhaavia diffusa* L.; Seasonal variation; Root size; Dose forms; Hepatoprotective **56**, 61

Euphorbiaceae; *Croton urucurana*; Antimicrobial activity; Chemical **56**, 223

Falkland Islands; Wounds; Antimicrobial activity; Antioxidant activity; Red blood cells membrane stabilizing activity **56**, 117

Fibroblasts; *Ampelopsis brevipedunculata*; Antioxidant; Collagen synthesis; Hydroxyl radical; Ito cells; Superoxide **56**, 67

Flavonoids; *Tagetes minuta*; Asteraceae; Antimicrobial activity **56**, 227

Folk medicine; *Ampelopsis brevipedunculata*; M cells; Collagen synthesis **56**, 31

Free-radical scavenging; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Galangin; 3,5,7-trihydroxyflavone; Antiviral; *Helichrysum aureonitens*; Medicinal **56**, 165

Gastric fundus; *Boussingaultia gracilis*; β-Adrenoceptor **56**, 89

Gastrodin; *p*-Hydroxybenzyl alcohol; Learning and memory processes; Passive avoidance **56**, 45

Giardiasis therapy; Pippali rasayana; Ayurvedic herbal drug; *Piper longum*; *Butea monosperma* **56**, 233

Glutathione, MAK-4; Natural antioxidant; Heart; Oxidative stress; Membrane damage **56**, 215

Glycyrrhiza uralensis; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Heart; Natural antioxidant; Glutathione, MAK-4; Oxidative stress; Membrane damage **56**, 215

Helichrysum aureonitens; 3,5,7-trihydroxyflavone; Antiviral; Galangin; Medicinal **56**, 165

Hepatoprotection; Rhinax; Rats; CCl_4 **56**, 159

Hepatoprotective; *Boerhaavia diffusa* L.; Seasonal variation; Root size; Dose forms; Ethnomedicine **56**, 61

Hepatoprotective; *Scutellaria rivularis*; Carbon tetrachloride; D-Galactosamine; Acetaminophen **56**, 193

HPLC; Coca chewing; Cocaine; Benzoylecgonine; Plasma concentrations; Aymara Indians **56**, 173

Humulus lupulus; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Hydroxyl radical; *Ampelopsis brevipedunculata*; Antioxidant; Collagen synthesis; Fibroblasts; Ito cells; Superoxide **56**, 67

Inflammation; Tumor necrosis factor-α; *Nyctanthes arbor-tristis*; Interferon **56**, 153

Interferon; Tumor necrosis factor-α; *Nyctanthes arbor-tristis*; Inflammation **56**, 153

Ito cells; *Ampelopsis brevipedunculata*; Antioxidant; Collagen synthesis; Fibroblasts; Hydroxyl radical; Superoxide **56**, 67

Learning and memory processes; Gastrodin; *p*-Hydroxybenzyl alcohol; Passive avoidance **56**, 45

Ledebouriella seseloides; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Leucas lavandulaefolia; Methanol extract; Wound healing activity; Nitrofurazone **56**, 139

Leukotriene B_4; Shinpi-To; 5-Lipoxygenase (5-LO); Leukotriene C_4; Phospholipase A_2; LTC_4 synthase; LTA_4 hydrolase; Arachidonic acid (AA); Rat basophilic leukemia (RBL)-2H3 cells **56**, 123

Leukotriene C_4; Shinpi-To; 5-Lipoxygenase (5-LO); Leukotriene B_4; Phospholipase A_2; LTC_4 synthase; LTA_4 hydrolase; Arachidonic acid (AA); Rat basophilic leukemia (RBL)-2H3 cells **56**, 123

5-Lipoxygenase (5-LO); Shinpi-To; Leukotriene C_4; Leukotriene B_4; Phospholipase A_2; LTC_4 synthase; LTA_4 hydrolase; Arachidonic acid (AA); Rat basophilic leukemia (RBL)-2H3 cells **56**, 123

Lophatherum gracile; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

LTA_4 hydrolase; Shinpi-To; 5-Lipoxygenase (5-LO); Leukotriene C_4; Leukotriene B_4; Phospholipase A_2; LTC_4 synthase; Arachidonic acid (AA); Rat basophilic leukemia (RBL)-2H3 cells **56**, 123

LTC_4 synthase; Shinpi-To; 5-Lipoxygenase (5-LO); Leukotriene C_4; Leukotriene B_4; Phospholipase A_2; LTA_4 hydrolase; Arachidonic acid (AA); Rat basophilic leukemia (RBL)-2H3 cells **56**, 123

M cells; *Ampelopsis brevipedunculata*; Folk medicine; Collagen synthesis **56**, 31

Medicinal; 3,5,7-trihydroxyflavone; Antiviral; Galangin; *Helichrysum aureonitens* **56**, 165

Membrane damage; Natural antioxidant; Heart; Glutathione, MAK-4; Oxidative stress **56**, 215

Memory; Traditional Chinese medicine; NaO Li Su; old age; Erythrocytes; Serum creatinine **56**, 109

Methanol extract; *Drymaria cordata*; Antitussive; Sulfur dioxide; Cough **56**, 77

Methanol extract; *Leucas lavandulaefolia*; Wound healing activity; Nitrofurazone **56**, 139

NaO Li Su; Traditional Chinese medicine; Memory; old age; Erythrocytes; Serum creatinine **56**, 109

Natural antioxidant; Heart; Glutathione, MAK-4; Oxidative stress; Membrane damage **56**, 215

Nitrofurazone; *Leucas lavandulaefolia*; Methanol extract; Wound healing activity **56**, 139

Nyctanthes arbor-tristis; Tumor necrosis factor-α; Inflammation; Interferon **56**, 153

old age; Traditional Chinese medicine; NaO Li Su; Memory; Erythrocytes; Serum creatinine **56**, 109

Oxidative stress; Natural antioxidant; Heart; Glutathione, MAK-4; Membrane damage **56**, 215

Paeonia lactiflora; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Passive avoidance; Gastrodin; *p*-Hydroxybenzyl alcohol; Learning and memory processes **56**, 45

Phospholipase A_2; Shinpi-To; 5-Lipoxygenase (5-LO); Leukotriene C_4; Leukotriene B_4; LTC_4 synthase; LTA_4 hydrolase; Arachidonic acid (AA); Rat basophilic leukemia (RBL)-2H3 cells **56**, 123

***p*-Hydroxybenzyl alcohol**; Gastrodin; Learning and memory processes; Passive avoidance **56**, 45

Phyllanthus reticulatus; Plant extracts; Antiplasmodial; Phytochemistry; *Plasmodium falciparum*; *Suregada zanzibariensis*; *Terminalia spinosa*; *Dissotis brazzae* **56**, 133

Phytochemistry; Plant extracts; Antiplasmodial; *Plasmodium falciparum*; *Phyllanthus reticulatus*; *Suregada zanzibariensis*; *Terminalia spinosa*; *Dissotis brazzae* **56**, 133

Piper longum; Pippali rasayana; Ayurvedic herbal drug; Giardiasis therapy; *Butea monosperma* **56**, 233

Pippali rasayana; Ayurvedic herbal drug; Giardiasis therapy; *Piper longum*; *Butea monosperma* **56**, 233

Plant extract; Antibacterial activity; Screening; South Africa; Traditional medicine **56**, 81

Plant extracts; Antiplasmodial; Phytochemistry; *Plasmodium falciparum*; *Phyllanthus reticulatus*; *Suregada zanzibariensis*; *Terminalia spinosa*; *Dissotis brazzae* **56**, 133

Plant molluscicides; Aqueous suspensions; Toxicity; Cultivation **56**, 15

Plant molluscicide; Schistosomiasis; Scoring system **56**, 1

Plasma concentrations; Coca chewing; Cocaine; Benzoylecgonine; HPLC; Aymara Indians **56**, 173

Plasmodium falciparum; Plant extracts; Antiplasmodial; Phytochemistry; *Phyllanthus reticulatus*; *Suregada zanzibariensis*; *Terminalia spinosa*; *Dissotis brazzae* **56**, 133

Potentilla chinensis; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Rat basophilic leukemia (RBL)-2H3 cells; Shinpi-To; 5-Lipoxygenase (5-LO); Leukotriene C_4; Leukotriene B_4; Phospholipase A_2; LTC_4 synthase; LTA_4 hydrolase; Arachidonic acid (AA) **56**, 123

Rats; Rhinax; Hepatoprotection; CCl_4 **56**, 159

Receptor blockade; Agonist; *Andrographis paniculata*; Andrographolide; Antagonist **56**, 97

Red blood cells membrane stabilizing activity; Falkland Islands; Wounds; Antimicrobial activity; Antioxidant activity **56**, 117

Rehmannia glutinosa; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Rhinax; Rats; Hepatoprotection; CCl_4 **56**, 159

Root size; *Boerhaavia diffusa* L.; Seasonal variation; Dose forms; Ethnomedicine; Hepatoprotective **56**, 61

Rosmarinus officinalis; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris* **56**, 103

Salacia oblonga; *Azima tetracantha*; Anti-inflammatory; Carrageenan-induced oedema; Cotton pellet granuloma **56**, 145

Santolina corsica; Essential oils; *Santolina insularis*; Sardinia **56**, 201

Santolina insularis; Essential oils; *Santolina corsica*; Sardinia **56**, 201

Sardinia; Essential oils; *Santolina insularis*; *Santolina corsica* **56**, 201

Schistosomiasis; Plant molluscicide; Scoring system **56**, 1

Schizonepeta tenuifolia; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Scoring system; Plant molluscicide; Schistosomiasis **56**, 1

Screening; Antibacterial activity; Plant extract; South Africa; Traditional medicine **56**, 81

Scutellaria rivularis; Hepatoprotective; Carbon tetrachloride; D-Galactosamine; Acetaminophen **56**, 193

Seasonal variation; *Boerhaavia diffusa* L.; Root size; Dose forms; Ethnomedicine; Hepatoprotective **56**, 61

Serum creatinine; Traditional Chinese medicine; NaO Li Su; Memory; old age; Erythrocytes **56**, 109

Shinpi-To; 5-Lipoxygenase (5-LO); Leukotriene C_4; Leukotriene B_4; Phospholipase A_2; LTC_4 synthase; LTA_4 hydrolase; Arachidonic acid (AA); Rat basophilic leukemia (RBL)-2H3 cells **56**, 123

South Africa; Antibacterial activity; Plant extract; Screening; Traditional medicine **56**, 81

Streptozotocin; Diabetes; Treatment of diabetes **56**, 209

Sulfur dioxide; *Drymaria cordata*; Antitussive; Cough; Methanol extract **56**, 77

Superoxide; *Ampelopsis brevipedunculata*; Antioxidant; Collagen synthesis; Fibroblasts; Hydroxyl radical; Ito cells **56**, 67

Superoxide scavenging; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

Suregada zanzibariensis; Plant extracts; Antiplasmodial; Phytochemistry; *Plasmodium falciparum*; *Phyllanthus reticulatus*; *Terminalia spinosa*; *Dissotis brazzae* **56**, 133

Tagetes minuta; Asteraceae; Flavonoids; Antimicrobial activity **56**, 227

Terminalia spinosa; Plant extracts; Antiplasmodial; Phytochemistry; *Plasmodium falciparum*; *Phyllanthus reticulatus*; *Suregada zanzibariensis*; *Dissotis brazzae* **56**, 133

Thymus vulgaris; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Tribulus terrestris*; *Clematis armandii*; *Humulus lupulus*; *Rosmarinus officinalis* **56**, 103

Toxicity; Plant molluscicides; Aqueous suspensions; Cultivation **56**, 15

Traditional Chinese medicine; NaO Li Su; Memory; old age; Erythrocytes; Serum creatinine **56**, 109

Traditional medicine; Antibacterial activity; Plant extract; Screening; South Africa **56**, 81

Treatment of diabetes; Diabetes; Streptozotocin **56**, 209

Tribulus terrestris; Chinese herbal medicine; Atopic eczema; Antioxidant activity; DPPH assay; Free-radical scavenging; Superoxide scavenging; *Rehmannia glutinosa*; *Paeonia lactiflora*; *Dictamnus dasycarpus*; *Ledebouriella seseloides*; *Lophatherum gracile*; *Glycyrrhiza uralensis*; *Potentilla chinensis*; *Schizonepeta tenuifolia*; *Clematis armandii*; *Humulus lupulus*; *Thymus vulgaris*; *Rosmarinus officinalis* **56**, 103

3,5,7-trihydroxyflavone; Antiviral; Galangin; *Helichrysum aureonitens*; Medicinal **56**, 165

Tumor necrosis factor-α; *Nyctanthes arbor-tristis*; Inflammation; Interferon **56**, 153

Wound healing activity; *Leucas lavandulaefolia*; Methanol extract; Nitrofurazone **56**, 139

Wounds; Falkland Islands; Antimicrobial activity; Antioxidant activity; Red blood cells membrane stabilizing activity **56**, 117

Yungas; *Erythroxylum coca* var. *coca*; Cocaine; Cinnamoylcocaine; Bolivia; Chapare **56**, 179
